

Minimum Technical Requirements

Server Requirements

These requirements are based on the assumption of using a dedicated server for Logics' applications. We cannot guarantee performance or fully troubleshoot issues when other applications are installed on the same server along with other Logics' applications. Larger Clients should consider doing a dual server setup, one dedicated to SQL and one dedicated to the Logics Application for optimal performance.

64-Bit Platform

2012 R2 Server or greater - Standard, Enterprise

Additional Server Software

SQL Server 2012 or greater

Server Components

- Physical and virtual servers supported
- RAID 1 minimum for fault tolerant protection; RAID 10 recommended (optional)

Single Server Environment

- 3.0 GHz six core or better
- 7500 rpm hard drive, 500GB of storage
- If partitioned, the main server drive must have 200 GB or more of hard drive space
- 32 GB Memory
- Monitor/Video card capable of 1024 x 768 display resolution

Dual Server Environment

- Application Server
 - 3.0 GHz quad core or better
 - 7500 rpm hard drive, 500GB of storage
 - If partitioned, the main server drive must have 200 GB or more of hard drive space
 - 16-32 GB Memory
 - Monitor/Video card capable of 1024 x 768 display resolution
- SQL Server
 - 3.0 GHz six core or better
 - 7500 rpm hard drive, 500GB of storage
 - If partitioned, the main server drive must have 200 GB or more of hard drive space
 - 16-32 GB Memory
 - Monitor/Video card capable of 1024 x 768 display resolution

Additional Requirements

- Working High-Speed Internet Connection (10 Mbps or greater)
- Internet Explorer IE 10 or 11
- Windows Installer 4.5 or later
- Servers should have the latest Windows Service Pack and critical updates available from the Microsoft Security Web site.
- Internet Information Services (IIS) installed with security patches.
- Microsoft.NET Framework 1.1, 2.0.5, 3.5 SP1, 4.0, 4.5 with security patches
- Adobe Acrobat Reader 9.0 or greater
- Network Ready HP (or compatible) laser printer for checks
 - Handle HP Barcode Printing Solution if printing Intelligent mail barcodes for postal discounts

Client PC Requirements

Windows Versions Supported

32-Bit Platform
Windows 10 Professional or higher

64-Bit Platform
Windows 10 Professional or higher

Additional Components

- 2.8 Ghz Processor or better
- 20 GB Hard Disk Space Free
- 4GBRAMormore
- Monitor/Video Card capable of 1024 x 768 display resolution
- Internet Explorer 10 or higher
- Working High-Speed internet connection (10 Mbps or greater)

Client Tablet Requirements

iPad Requirements

- Wi-Fi + Cellular
- 32GB or 128GB

Android Requirements:

- Samsung Galaxy Tab 4 (10.1, Wi-Fi + Cellular)
- 10.1-inch WXGA TFT Display
- 1.2 GHz Quad Core Processor
- 16 GB Flash Memory
- 1.5 GB RAM Memory
- Android
- 6800 mAh battery
